SECRETARY'S OFFICE.

REVENUE BRANCH

OFFICE NOTE.

SUBJECT. Works of laying out a new town and making an approach Road from the Oorgum Railway Station in the Kolar Gold Fields, estimated at Rs. 28,560.

LAST REFERENCE Letter No. 146, dated 31st October 1901 from the President, Sanitary Board, Kolar Gold Fields.

---

1. The growth of the mining industry in the Kolar Gold Fields, and the Consequent necessity for Tradesmen, Merchants, and work people to provide themselves with accommodation led to the foundation of a new town there.

2. The plans and estimates are forwarded by the Chief Engineer These show the convenient and central situation of the Site selected for the New Town, with reference to the mines of the Gold Fields, Govt. buildings and places of

weekly

weekly fairs (Santes). The Situation of the New Town, its division into blocks, the two large roads intersecting each other at right angles, Streets and lanes parallel to them, and the allotment of Bungalow and the Castwan house Sites, &c are all described in the Sanitary Superintending Engineer's Report received with his docket No. $\frac{2539}{536}$ dated 28th October 1901.

3. The Chief Engineer states in his letter that a scheme for a good water supply is pending before the Dewan, and that it provides also for affording the New Town a good water Supply. (Chief Engineer's letter No 5887, dated 8.11.1901)

4. With a view to intercept the high winds and minise ~~minise~~ the effects of the ~~Cyanide~~ Cyanide dust storms that appear to generally blow over those parts, the Superintending Engineer suggests that, when funds are available, a belt of trees may be planted to the West of the New Town; and the Chief Engineer (Para II, Sanitary Superintending Engineer's Report, dated 28.10.

3

GOVERNMENT OF MYSORE

Engineer states that the Suggestio
may, at once, be adopted

5. Anticipating a realization
of Rs. 22,100 from the Sale of
Sites according to the rates
prescribed in their proceedings,
Govt. directed Commence-
-ment of the work of laying
out the New Town to the extent
of the said anticipated amount,
requesting the Comptroller at
the same time to place at the
disposal of the Superintending
Engineer, Sanitary Works, the
sum of Rs. 21,500 by way of an
advance Subject to the adjust-
-ment from the Sale proceeds
of sites

Govt. Pro. No. 829-33 dated 11. 1. 1901

6. The plans and estimates
which were received from the Supd.
Engineer, Sanitary Works, amount
-ing (1) to Rs. 25,000 (2) as well
as a Supplemental estimate for
Rs. 3560 received since from the
same, have been forwarded to
this office now by the Chief Engine
The latter, (2), relates to the cost
of providing certain wells sunk
there with pulleys and a paving
of 6 ft. in width all round with a
drain

drain, and also to the cost of establishment charges ~~[illegible]~~ and tools This (Rs 3560) is stated to have been omitted in the original estimate. The Chief Engineer in forwarding The above to this office, requests to order a grant of Rs 7,060 in addition to the advance of Rs. 21,500 already made, The total outlay proposed being Rs. 25,000 + Rs. 3560 or Rs. 28,560 in all.

(Para 5, letter No 5887 dated ~~[illegible]~~ from the Chief Engineer)

7. Meanwhile the President of the Sanitary Board, Kolar Gold Fields, forwards to this office the Board's Resolution No XVII (but not found in the file) to plant up both sides of The Main Road Through the New Town as has been done by them Successfully along the Main Road Through the Fields. He Complains also against the D.P.W. that although it is over a year since Since it was proposed that, between the Company's properties and

(Letter No 146, dated 31.10. from the President, Sanitary Kolar Gold Fields)

× Enquire in the L.B.B. of this office

Subd. The L.B.B say that it is not with them. Hence extract from Mysore Gazette put up 21/

and The New Town, trees had to be planted in belts to protect the latter from the Cyanide and tailings sand driven towards the New Town during the South West Monsoon, yet no steps towards the work are undertaken. The President requests sanction to the work relating to the abovementioned Board's resolution, and instructions to the Superintendent, Govt. Gardens to continue supplying trees at half price.

Note. It is known from the Sanitary Supdg Engineer's letter* that only a Sum of Rs. 10,121 has been realized from the Sale of 85 sites out of a total of 308 sites, That the Dy Comr says That there was no bidding when advertised for Sale a Second time and That he (The Dy Comr) estimates the Sale proceeds including amounts already collected, at Rs 16,811 in place of Rs. 22,100 as was originally expected and That Supdtg Engr expects at least Rs. 21,200 in all, but That the demand

*Vide Copy of Supdg Engineer's letter No 2539/538 dt 28.10.01)

for these sites will probably extend over several years.

The points for orders are

Sanctioning the Estimates for Rs 25000 & Rs 3560 - & the further grant of Rs: 7060.

2). Sanctioning the work of planting the belt of trees referred to. The cost is not known. The Chief Engineer may be requested to forward an estimate.

From what source the charges thereof be met how has to be decided.

Submitted to the Secretary

M
27/2/02

The amount of 21500 Rs was placed at the disposal of the

Sanetary Supt Engr
from the Plague funds
the additional grant
to be made should
(if for Sanetums them)
come from the general
State funds. The fur-
ther grant of 70,50 Rs
now asked for may
be sanctioned as an
additional grant ~~The~~
over the budget of the
current year. This
will have to be placed
before the Council.

The planting of trees
seem to be necessary
to secure the health
of the new town &
spring up there. As

estimate may be called for.

The amount realised from the sale of sites (now estimated by the Dy Comr at Rs 16,800. may be credited to State Revenue as realised to set-off the above expenditure.

The planting of trees has been delayed owing to conflict of opinion as to the depth they should be planted. I understood at my last visit that the D.P.W. had undertaken it. The trees on the old road have come well, but they should be protected by a wooden or iron open work palisading and not by the present walls. I have explained this to the D.P.W.

To.

H. V. Nanjundiah Esquire M.A.M.
Secretary to the Govt of Mysore
Rev: and General Depts
Bangalore.

Sir,

I have the honor to forward herewith, resolution No XVII passed by the Sanitary Boards at its last meeting.

The work of planting trees in belts between the Company's properties and the New Town to protect the latter from the Cyanide and tailings sands driven towards it.

during the South West Monsoon was undertaken by the D. C & V Sanitary Department, on Sept. 1900 and Mr. Ranga Rao the Executive Engineer then received instructions to at once arrange for the work.

It is now over a year since this decision was taken and the D. C. V. have made no steps towards Commencing the work nor is there any sign that they intend to.

The Board have accordingly resolved on a start to plant up both sides of the Main Roads through the New Town - as has been done by them successfully along the Main Road through the Fields.

I request therefor that you will obtain Government Sanction to the work and that the Superintendent

of the Government Garden may be instructed to Continue to supply the Boards with trees at half price.

I have the honor to be
Sir,
Your Most Obedient Servant

J C Cox

No. 5887 Dated Bangalore 8th November 1901

From

Colonel D.McNeil Campbell

Chief Engineer of Mysore

To

P.V.Nanjundayya Esquire M.A.,M.L.

Secretary to the Government of Mysore

General and Revenue Departments

Sir,

With reference to Govt: Pro:No:Pg:829-33 dated 11th January 1901,passing orders regarding the allotment of sites in the New Town at the Kolar Gold Fields and placing a sum of Rs.21,500 at the disposal of this Department for the works connected therewith,I have the honour to forward the accompanying plans and estimates,amounting to Rs 25,000,for laying out a New Town and making an approach road from Origum Railway Station in the Kolar Gold Fields,also copy of the Superintending Engineer's covering ticket No.2539/536 dated 28th October 190 and to request that you will be so good as to obtain formal sanction of Government to the above estimates.

II. I beg at the same time,to invite your attention to the suggestion of Mr.Standish Lee in para II of his report on the estimates,that a belt of trees be planted to the west of the New Town,to intercept the high winds and minimise the effects of the cyanide dust storms.This suggestion might be adopted at once.

III. I also forward for sanction a supplemental estimate for Rs.3,560,since received from Mr.Lee,the necessity for which is explained in the report thereto attached

IV. I may mention,for your information,that a Scheme for supplying the Kolar Gold Fields with good water is now pending before the Dewan,and it provides also for affording the New town a good water supply.

V. I request that you will be so good as to order a grant of Rs.7,000 in addition to the advance of Rs.21,500

already made, the total outlay proposed being Rs (25,000 + 3,560) Rs.28,560.

I have the honour to be,

Sir

Your most obedient servant,

Remarks referred to were forwarded with the Superintending Engineer's Demi-official letter No 1659 dated 15-23 1582 dated 15-12-1902

3080 Dated 29-5-1902

Forwarded to the Secretary to Government, General and Revenue Departments, in continuation of this office Estimate No: H665-5887 dated 8th November 1901, with which the estimates for Rs 28,560 referred to were submitted for sanction of Government. No orders thereon have yet been passed.

The enclosed estimate of Rs 5165, now submitted by the Sanitary Supdg Engineer, provides for the execution of certain items of work, represented to be necessary to be met from Savings on the estimates referred to above. He asks for early sanction, to allow of works being completed within this official year.

Lieut Colonel
Chief Engineer for Mysore

found sufficient while carrying the work, and to sundry sanitary wells, Sinks and Cesspools throughout the town.

Several houses are now under erection in the New town and the trench drainage at the Street Crossings is duly felt by Carts Carriages & Foot Material for the same. An Estimate for 5160 is therefore submitted for the out of the above Savings in view which being completed will suffice for the whole year
